## ABOUT THE COLLEGE

Unwinding medical mysteries since 1856, Osmania Medical College prides itself on being one of the oldest medical schools in the country. The joy of treating patients is celebrated through the separate teaching hospitals for each medical speciality. It is currently ranked 16<sup>th</sup> in the country and has been a torch bearer in the field of academics, clinical practice and research.

## ABOUT THE CONFERENCE

OSMECON is an undergraduate medical conference which provides a scaffold for students to sharpen their skills. With its combination of learning opportunities and a stage to present their own work and research, the conference has a student participation that has been growing with each year.

The 9<sup>th</sup> edition of OSMECON, to be held on 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup> of August 2018, promises better experiences, newer workshops and an attendance from around the world. As our wings spread beyond the borders, OSMECON connects knowledge seekers and avid learners to bring them an unprecedented experience in diversity and learning.
